

## ISO certification

Geodesy, Cartography and Cadastre Agency has implemented an integrated system for quality management and information security, which is certified by an accredited conformity assessment body according to ISO 9001: 2015 and ISO / IEC 27001: 2013.

The scope of the certified integrated system is:

"Quality and security management of official and customer information of Geodesy, Cartography and Cadastre Agency in the provision of administrative services in the implementation of legislation in the field of geodesy, cartography and cadastre"

CERTIFICATE  
N° CN/1788785

certified to:  
**GEODESY, CARTOGRAPHY AND CADASTRE  
AGENCY**

1, Moulins St. A. - Nantes, 44300 Nantes, France

ISO/IEC 27001:2013 has been assessed in conformity to:

**ISO/IEC 27001:2013**

for the scope of activities:

Secure management of the official information and the information of the users (clients) in the  
provision of administrative services in the implementation of legislation in the field of geodesy,  
cartography and cadastre. Statement of applicability n° 2/11.08.2013.

Association Française de  
Normes (AFNOR) is the reference in France for the  
application of the ISO 9000 and ISO 14000 standards  
and provides services in the field of certification of  
management systems since 1988.

We have issued this ISO/IEC 27001 Certificate to:
